A GREAT NATIONAL WORK. THE GALLERY OF ILLUSTRIOUS AMERICANS.

Daguerreotypes by Brady---Engraved by D'Avignon.

EDITED BY AN ASSOCIATION OF LITERARY MEN.

TNDER this title will be published, during the year 1850, twenty-four Portraits and Biographi-I Sketches of American citizens who have become illustrious in the service of the country. Every portion of the work will receive the most careful atte tion, and nothing will be spared to render it a worthy nad enduring monument to the great men of the Re Mr. Brady has been many years engaged, at great

Mr. Brady has been many years engaged, at great expense, in collecting Portraits for a National Gallery, and those which are being engraved for this work are believed to be superior to any that have ever been taken. In the accomplishment of this great object he has experienced the utmost courtesy and encouragement from distinguished men. Mr. Brady's reputation has been too long established to need any recommendation. His daguerrectypes are in the highest sense the works of art, glowing with the soul of the living countenance. the living countenance.
The drawings and engravings of D'Avignon have

been pronounced by Europeans of taste to be fully equal, and in some respects superior to those of the best artists of London and Paris; and every impression in this Gallery will be taken under his immediate supervision. The typography will be exe-cuted as carefully and in as superb a style as the en-gravings themselves. The entire work will be on the finest imperial folio paper, 16 by 23 mehes, made expressly for this purpose.

This work has nothing sectional in its scope; it

will therefore be comprehensive in its spirit. The names of those men only are admitted, whose talents and public services have won for them an honorable fame throughout the nation. Each of the great departments of life will have its representatives. At and Literature are universal in their spirit, and the Gallery is intended to be a worthy and enduring monument to the great men of the Republic, whose achievements and fame constitute the chief glory of the nation. We hope that every lover of Art, and friend of our glorious Union, will respond to our appeal for encouragement and aid in so commendable an undertaking, that its publication may make an era in the progress of American Art, and by grouping the illustrious men of the Union together, consolidate it

still more firmly.

As no work of this kind has appeared in America. and the prices they sustain in Europe would place it beyond the reach of most of our citizens, the publishers have resolved to merit a large circulation, by charging a very low price. They have, therefore, established the following

BLACKWOOD'S MAGAZINE BRITISH OUARTERLY REVIEWS. Premiums to New Subscribers.

OWING to the late revolutions and counter-revo-lutions among the nations of Europe, which have followed each other in quick succession, and of which the "end is not yet," the leading periodicals of Great Britain have become invested with a degree of inter-est lutherto unknown. They occupy a middle ground between the hasty, disjointed, and necessarily mperfect records of the newspapers, and the elaborate and ponderous treatises to be furnished by the historian at a future day. The American Publishers, therefore, deem it proper to call renewed attention to these Periodicals, and the very low price at which they are offered to subscribers. The following is their list, viz : THE LONDON QUARTERLY REVIEW,
